All Residential Prestige Boilers Exceed 95% FUE and Qualify for the \$1,500 Federal Tax Credit

03/09/2009

[New Federal Tax Credit 2010](#)

Blackwood, NJ - Triangle Tube, manufacturer of high efficiency stainless steel heating equipment, is pleased to announce that all residential sizes (60, 110, 175 & 250) of the Prestige Solo and Excellence high efficiency stainless steel wall hung boilers exceed 95% AFUE and qualify for the Federal Tax Credit.

The American Recovery and Reinvestment Act of 2009 was signed into law on February 17, 2009. Included are Energy Conservation Incentives for homeowners who invest in energy efficiency upgrades. Tax credits available to homeowners include hot water boilers with efficiencies equal to or greater than 90% AFUE placed into service in the taxpayer's principle home from January 1, 2009 through December 31, 2010. Prestige Heating Boilers qualify for the 30% tax credit up to \$1,500 (aggregate of all energy upgrades). Investing in energy efficiency has never been more attractive! Save your receipt as well as Triangle Tuber's Manufacturer Certification Statement for filing with your 2009 or 2010 tax return.
